SUPPLY CHAIN PROCESS STATEMENT

PPN 14/15 Compliance Framework

Skills Development & Knowledge Transfer

Document Date: 31 March 2026

PPN 14/15 COMPLIANCE STATEMENT

Blue Canvas Ltd confirms full compliance with Procurement Policy Notes 14/15 regarding skills development and knowledge transfer requirements. This document outlines our comprehensive supply chain process to ensure sustainable capability building and knowledge retention within client organisations.

Compliance Areas Covered:

- ✓ Skills development planning and delivery
- ✓ Knowledge transfer mechanisms
- ✓ Supply chain transparency and management
- ✓ Local content and SME engagement
- ✓ Sustainable capability building
- ✓ Performance monitoring and evaluation

SUPPLY CHAIN OVERVIEW

Blue Canvas Ltd operates a lean, quality-focused supply chain designed to maximise local impact and ensure knowledge transfer effectiveness. Our approach prioritises direct delivery while maintaining strategic partnerships for specialised capabilities.

Supply Chain Structure:

- **Direct Delivery:** 85% - Core AI consultancy and training
- **Strategic Partners:** 10% - Specialised technical delivery
- **Local Suppliers:** 5% - Support services and materials

SKILLS DEVELOPMENT SUPPLY CHAIN PROCESS

1 NEEDS ASSESSMENT & PLANNING

- Client skills gap analysis
- Learning objective definition
- Resource requirement planning
- Supply chain partner evaluation

2 SUPPLIER SELECTION & ENGAGEMENT

- Local supplier prioritisation (Northern Ireland focus)
- SME engagement strategy implementation
- Quality assurance framework application
- Contract negotiation and agreement

3 CAPABILITY DEVELOPMENT

- Internal team skills enhancement
- Supplier capability building
- Knowledge sharing protocols
- Quality management system deployment

4 SERVICE DELIVERY

- Coordinated training delivery
- Real-time quality monitoring
- Knowledge transfer validation
- Performance measurement and reporting

5

KNOWLEDGE CONSOLIDATION

- Skills transfer documentation
- Best practice capture
- Lessons learned integration
- Sustainable capability verification

6

CONTINUOUS IMPROVEMENT

- Supply chain performance review
- Process optimisation
- Supplier development planning
- Future capability roadmap
