

James Gorman Property — SEO Baseline Report

Date: 12 March 2026 Domain: jamesgormanproperty.com Prepared by: Phil Patterson, Blue Canvas

1. Executive Summary

James Gorman Property has a solid local brand presence in Derry with excellent Trustpilot reviews and strong social media engagement. However, the website has **severe technical SEO issues** that are preventing it from reaching its organic search potential.

Critical findings:

- All page URLs use generic "blank-X" slugs (e.g., /blank-3 for Lettings, /blank-5 for Services) — this is the single biggest SEO issue
- Mobile performance score of 36/100 with a 44.2s Largest Contentful Paint
- No Google Business Profile detected — a massive gap for a local estate agent
- Zero citation/directory presence (Yell, Thomson, Yelp, FreeIndex — none found)
- No blog or content strategy — zero long-tail keyword capture
- No OG image set — social shares look unprofessional
- Social media links in footer still point to Wix defaults (Instagram/Wix, Facebook/WixStudio, etc.)

The opportunity is significant. Competitors are established but most have basic, dated websites. With proper technical fixes, a Google Business Profile, citation building, and targeted content, James Gorman Property can achieve strong local search visibility within 3–6 months.

2. Current Performance

Domain Overview

Metric	Value
Platform	Wix

Ahrefs Data

Note: Preliminary estimates below. Full backlink and keyword data will be included in the next report once Google Search Console access

Metric	Estimated Value
Domain Rating (DR)	~5–10 (new domain, minimal backlink profile)
Referring Domains	Very low (<10 estimated)
Organic Keywords	Minimal — site ranking primarily for branded terms
Organic Traffic	Low — estimated <50 visits/month from organic
Backlinks	Few — PropertyPal, PropertyNews, HomesNI, Trustpilot, social profiles

PageSpeed Insights

Metric	Mobile	Desktop
Performance	36	85
Accessibility	100	100
Best Practices	100	96
SEO	100	100

Core Web Vitals — Mobile

Metric	Value	Rating
Largest Contentful Paint (LCP)	44.2s	Critical
First Contentful Paint (FCP)	3.6s	Poor
Total Blocking Time (TBT)	1,250ms	Poor
Cumulative Layout Shift (CLS)	0.003	Good
Speed Index	7.7s	Poor
Time to Interactive	44.2s	Critical
Max Potential FID	550ms	Poor

Core Web Vitals — Desktop

Metric	Value	Rating
LCP	1.2s	Good
FCP	0.9s	Good
TBT	250ms	Needs Work
CLS	0.001	Good
Speed Index	1.4s	Good

Key Performance Issues

- JavaScript execution time: 2.8s (mobile) / 1.4s (desktop)
- Multiple page redirects: Adding 780ms on mobile
- Main thread work: 4.9s on mobile
- Document request latency: 150ms+ on mobile
- LCP element not discoverable by browser preloader

3. Technical Audit Findings

URL Structure — ALL pages use "blank-X" slugs

This is the most damaging technical issue. Every page on the site has a non-descriptive URL:

Page	Current URL	Recommended URL
Sales	/blank	/sales or /sell-your-home-derry
Lettings	/blank-3	/lettings or /lettings-derry
Our Story	/blank-4	/about or /about-james-gorman-property
Services	/blank-5	/services
Terms & Conditions	/blank-6	/terms-and-conditions
Contact Us	/blank-7	/contact
Search Homes	/blank-10	/properties or /search-homes
Meadowbank Court	/blank-11	/meadowbank-court-derry
Valuation	/blank-12	/free-property-valuation-derry
Merchants View	/blank-15	/merchants-view-derry
Selling Your Home	/items-1/i-am-a-title-02	/sell-your-home
Privacy Policy	/blank-14	/privacy-policy

Impact: Search engines use URLs as a ranking signal. Generic "blank" URLs provide zero keyword relevance and look unprofessional in search results.

Search engines use the words in your URL to understand what a page is about. A URL like /blank-3 tells Google nothing, while /lettings-derry immediately signals relevance.

No Google Business Profile (GBP) Found

A search for "James Gorman Property Derry" returns no Google Maps / Knowledge Panel result. For a local estate agent, this is a **critical gap**. GBP drives:

- Map Pack visibility (the top 3 map results)
- Click-to-call and directions
- Review aggregation visible in SERPs
- Local trust signals

No Blog / Content Pages

The site has zero blog posts or informational content. This means:

- No long-tail keyword capture ("best areas to buy in Derry", "property market Derry 2026", "first time buyer Derry")
- No internal linking opportunities
- No content to share on social media
- No topical authority building

Social Media Links Point to Wix Defaults

The footer social media links include default Wix template links:

- Instagram → [instagram.com/wix/](#)
- Facebook → [facebook.com/WixStudio](#)
- Twitter → [twitter.com/WixStudio](#)
- LinkedIn → [linkedin.com/company/wix-com](#)
- YouTube → [youtube.com/user/Wix](#)
- TikTok → [tiktok.com/@wix](#)

These need to be replaced with James Gorman Property's actual social profiles immediately.

Missing OG Image

No `og:image` meta tag is set. When the site is shared on WhatsApp, Facebook, LinkedIn, or Twitter, it shows no preview image. This significantly reduces click-through rates from social shares.

Title Tag Contains "property" as Standalone Word

Current: `James Gorman Property | property | Derry, Londonderry, UK`

The pipe-separated "property" is redundant and wastes title tag space.

Recommended: `James Gorman Property | Estate Agent in Derry | Sales & Lettings`

Minimal Schema Markup

Only `WebSite` schema is present. Missing:

- `RealEstateAgent` or `LocalBusiness` schema
- `Organization` schema with logo, address, phone
- `BreadcrumbList` schema
- `Review` / `AggregateRating` schema (Trustpilot reviews)

No Sitemap Optimisation

Sitemap includes all "blank-X" URLs and dynamic item sitemaps that may contain outdated listings. Sitemap should be cleaned up after URL restructuring.

Robots.txt — AhrefsBot Crawl-Delayed

The robots.txt includes `Crawl-delay: 10` for AhrefsBot. While not critical, this slows Ahrefs data collection for our monitoring.

What's Working Well

- SSL/HTTPS:** Properly configured with HSTS
- www/non-www redirect:** Correctly consolidating to www
- HTTP to HTTPS redirect:** Working
- Mobile viewport:** Set correctly
- Meta descriptions:** Present and descriptive on key pages
- Canonical tags:** Present
- Accessibility score:** 100/100
- Trustpilot reviews:** Excellent social proof already embedded on site

4. Competitor Landscape

Top Competitors — "Estate Agent Derry"

#	Company	Domain	Est.	Key Strengths
1	Daniel Henry	danielhenry.co.uk	1968	50+ years reputation, strong domain age, multi-location (Derry, Limavady, Coleraine)
2	EO'C Estate Agents	eocestateagents.com	—	Strong local presence, active in NW area, mortgage services
3	Pauline Elliott	paulineelliottestateagents.com	—	New development focus, strong Culmore Road area presence
4	Robert Quigley	robertquigley.co.uk	—	Established Derry brand, professional dedicated team
5	Montgomery & McCleery	montgomerymccleery.com	100+ yrs	Heritage brand, "over 100 years" serving community
6	City Property	citypropertyestateagents.com	—	Simple, comprehensive sales & lettings service
7	Robert Ferris	robertferris.co.uk	30+ yrs	Three decades of trust in local market
8	John V Arthur	johnvarthur.com	—	Residential & commercial broad coverage

#	Company	Domain	Est.	Key Strengths
9	Oakland Estate Agents	oaklandestateagents.co.uk	—	Active in Derry sales, letting, and valuations

What Competitors Are Doing That James Isn't

- **Proper URL structures** — Competitors use descriptive slugs like `/property-valuations` , `/about-eddie-oconnor` , `/mortgage-services`
- **Blog/content sections** — Several competitors publish area guides and market updates
- **Google Business Profiles** — Established agents have optimised GBP listings with reviews
- **Directory citations** — Listed on Yell, Thomson Local, FreeIndex, etc.
- **Local SEO pages** — Area-specific landing pages targeting BT postcodes
- **Property portal presence** — While James IS on PropertyPal and PropertyNews, competitors often have better optimised profiles
- **Multi-location coverage** — Daniel Henry covers Derry, Limavady, and Coleraine with dedicated pages

James's Competitive Advantages

- **Modern, social-first marketing approach** — Strong Instagram, TikTok, and social presence that older agents lack
- **Excellent Trustpilot reviews** — Genuine, detailed reviews with real stories
- **Younger brand** — More relatable to first-time buyers and digital-native sellers
- **Merchants View exclusive** — Exclusive access to a premium new build development
- **Personal touch** — "Work directly alongside our Managing Director" proposition

5. Local SEO Status

Google Business Profile

Check	Status
GBP Listing	● Not found
Google Maps Presence	● Not visible
Knowledge Panel	● Not appearing
Google Reviews	● None (no GBP)

Priority: CRITICAL. Setting up and optimising a GBP is the single highest-ROI action for a local estate agent. *Note: GBP verification can take several days. Google typically verifies via postcard (mailed to your business address) or video verification (a short video walkthrough of your premises). We recommend starting this process immediately.*

NAP Consistency (Name, Address, Phone)

Source	Name	Address	Phone
Website	James Gorman Property	— (not displayed)	028 7161 0402 / 07786 910 768
PropertyPal	James Gorman Property	12 Clearwater, Derry/Londonderry, BT47 6BE	—
Facebook	James Gorman Property	—	—

Issues:

- Full business address not displayed on website
- NAP not consistent across platforms (address missing from most)
- No structured LocalBusiness schema markup
- Email display issue: footer shows Sales@jamesgormanproperty.com and Lettings@jamesgormanproperty.com (note: typo in "jamesgormanproperty" — missing 'n')
