WEEK 5 SEO

HIP Psychology Growth Update

Five-week progress report for hippsychology.com • 15 May 2026

STARTING POINT → MOMENTUM

Five weeks ago: HIP had a strong service offer but a thin search footprint.

Today: the site has a much larger school wellbeing and psychology content base, with dozens of pages ready for Google discovery.

Next focus: indexing, authority, internal linking and turning search visibility into enquiries.

NEW CONTENT PUBLISHED

52

posts in 5 weeks

LIVE SITE SIZE

148

56 posts + 92 pages

SEARCH DEMAND COVERED

3,320+

monthly searches targeted

up from 66 live backlinks

GROWTH TARGETS

Where we are going over the next 90 days

METRIC	TODAY — WEEK 5		90-DAY TARGET
Monthly Organic Traffic	Near-zero baseline, new content now live	➔	200–500 visits/mo
Search Demand Coverage	3,320+ measured monthly searches targeted	➔	5,000+ searches covered
Live Content Footprint	56 posts / 92 pages	➔	70+ posts with stronger clusters
Referring Domains	99 live referring domains	➔	120+ quality referring domains
School Enquiry Path	Blog CTAs and workshop links in place	➔	Clearer article ➔ workshop ➔ contact flow
AI Search Visibility	Authority foundation building	➔	First citations / recommendations live

CURRENT KEYWORD COVERAGE

High-value school, wellbeing and psychology topics now covered by live content

KEYWORD / TOPIC	MONTHLY DEMAND	STATUS	WHY IT MATTERS
anti bullying week	2,400/mo	LIVE CONTENT	Large seasonal opportunity for school leaders.
mental health in schools	300/mo	LIVE CONTENT	Core school wellbeing search intent.
wellbeing in schools	150/mo	LIVE CONTENT	Direct match for HIP programmes and workshops.
mental health training for teachers	200/mo	LIVE CONTENT	Commercial staff-training opportunity.
educational psychologist Northern Ireland	50/mo	LIVE CONTENT	Local specialist discovery term.
ADHD / autism / pastoral support in schools	Long-tail	CLUSTER BUILT	Captures specific support needs from schools and parents.

Traffic Uplift Opportunity

HIP now has live content targeting 3,320+ measured monthly searches before long-tail variants. The realistic next milestone is 200–500 monthly organic visits as Google indexes, tests and ranks the new school-intent pages.

COMPLETED

Week 1–5 delivery log

- ✓ **52 blog posts published** across school wellbeing, mental health, bullying, resilience and staff support.
- ✓ **24-post authority push** completed across 4 May, 6 May and 14 May.
- ✓ **Article + FAQ schema** added to recent content batches.
- ✓ **Native WordPress sitemap verified** with all 56 posts listed.
- ✓ **Internal linking** added between related article clusters and workshop/service pages.
- ✓ **Contact CTAs** included across new posts to support enquiries.
- ✓ **Live QA passed** on recent batches: HTTP 200, H1, title/body render, schema and sitemap checks.
- ✓ **Technical sitemap issue identified**: native WordPress sitemap is current; older static sitemap is stale.

WHAT'S NEXT

90-day growth roadmap

Weeks 6–7: Indexation

- Confirm Google Search Console access
- Submit native WP sitemap
- Track impressions for new posts

Weeks 8–10: Authority

- Strengthen internal links from workshop pages
- Add education / NI citations
- Optimise priority meta descriptions

Weeks 11–13: Conversion

- Improve article-to-contact journey
- Build school workshop landing paths
- Push first ranking pages higher
